A STANDARD HISTORY BY

GEN. LEE.

A Work of National and Permanent Value.

MEMOIRS OF THE WAR,

By Gen. Henry Lee.

("LIGHT HORSE HARRY")

Thoroughly Revised and Annotated, BY GEN. ROBERT E. LEE.

WHO HAS ADDED A FULL BIOGRAPHY OF HIS FATHER.

1 vol octavo, 540 pages, with new Steel Portraits of Gen Henry Lee, Gen. Robert E. Lee, and Gen. Nathaniel Greene; beautiful Steel Engravings of "Marion crossing the Pedee," and the "Surrender of Cornwallis," Maps of the Siege of Charleston, S. C.; the siege of Yorktown, Va.; the Battle fought near Camden; the Battle of Guilford; the Battle of Eutaw's Hill, and a sketch of Gen. Henry Lee's residence.

This admirable history of the operations of the American Armies during the Revolutionary War in the Southern Department of the United States is the standard work on the subject of which it treats, and in a new edition, revised, corrected, and enlarged by Gen. Robert E. Lee, the distinguished son of the author, and embellished by elegant Engravings, and original Maps never before published, is a volume of the highest value to every intelligent family.

This history has been for a long time out of print, and because of its accuracy as a history of that interesting period and that there was no work to supply its place, it was much sought for and a new edition demanded.

It is seldom that a historical work by a distinguished author has the advantage of a revision by so distinguished a son, and both of them great military leaders in the same section of the country.

Gen. Lee receives a large emolument upon every copy of the book sold. Sold only by subscription.

PRICE:—Handsomely bound in Cloth, $4.00.

JOSIAH TURNER, Jr., EDITOR.

TUESDAY, DECEMBER 21, 1869.

DEFEND THE CONSTITUTION.

The patriot Madison once said, "To support the Constitution by his talents, by his best services, and with his life, if required, is the firm and irrevocable determination of every true patriot."

To support the Constitution, one should know and understand it. Cicero tells us that the Roman boys were obliged to learn the twelve tables by heart, that they might have early imprinted on their young minds the Constitution and laws of their country.

In England the law required that "Magna Charta should be authoritatively promulgated and read to the people," that they might understand and support their constitutional rights and liberties.

In America it is important that every man should understand the Constitution of his country, and, as Mr. Madison said, "support it with his talents, his best services and, if need be, with his life."

We need not tell the people that Gov. Holden and the carpet-bag invaders of their peaceful homes, after degrading, disgracing and dishonoring the State, have assailed their constitution in its most vital part—the part which secures the personal liberty of the citizen.

The very first article of the State constitution declares that "the privilege of *habeas corpus* shall not be suspended."

The constitution of the United States, also, declares, "the privilledge of the writ of *habeas corpus* shall not be suspended, unless, when in cases of rebellion or invasion, the public safety may require it."

Under the State constitution the writ cannot be suspended under any circumstances. Under the constitution of the United States it cannot be suspended even during an invasion or rebellion, unless the public safety require it.

It is the duty of every citizen to live in conformity with the Constitution of his country; when he fails so to live, the law should coerce him into conformity.

Socrates promised to himself that he would observe all the laws of his country; let us all make the same promise one to another, only, let us go a little further than Socrates—let us promise that we will require of all others to obey them, too.

In the days of Madison and the framers of the Constitution, and for a long time afterward, there was, among all classes of men in our country, a reverential attachment and affection for the Constitution; it was regarded as the true and only security for property, and the solid basis upon which rested "all private rights, public liberties," and substantial prosperity of the people. Hence they were willing to defend it with their talents and best services and, when these failed, with their lives.

Now that our Constitution is assailed by the Governor and his carpet bag faction, by the infamous bill which passed the Senate last Friday, and was attempted to be rushed through the House, let the people come to the rescue and show that, like their forefathers of the past and better days of the Republic, they will defend the Constitution, faulty though it may be, because it is the chart that defines their rights and prevents, or is designed to prevent, the encroachments of tyrannical and despotic power.

Let public meetings be held in every township of the State, and a protest entered against the passage of Shoffner's bill, or rather, the Governor's bill introduced through Shoffner—a bill which violates the Constitution and puts the life, property, character and personal liberty of every citizen in the State, at the mercy of the Governor, who is believed to be the worst, most unscrupulous man in the State. But supposing him no worse than other public men—or to be even better than most, it is unwise, impolitic and unconstitutional to place the powers which this bill gives in his hands.

Then let public meetings be held, like the one in Franklin, irrespective of party; let this be done in time, and there will be no necessity for the people "perilling their lives for the constitution," as Mr. Madison advised. If the people fail to use their exertions against this wicked and monstrous usurpation, and it should be fastened upon them, it will cost them not only their property but their liberties and their lives.

Suppose the bill, with its iniquitous provisions, passed into a law, then Judge Tourgee and Solicitor Bulla can remove a citizen of Guilford or Rockingham, to Jones, Craven or New Hanover for trial, where they can have carpet bag Sheriffs to summon negro league jurors.

Pass the bill, and Governor Holden can instruct one of his militia officers to arrest any man he may point out, without oath, affidavit, or civil process of any kind, and take him to a distant county for trial without his ever being confronted with or knowing his accuser.

Imagine the State of things that would be inaugurated by this act! Men would then act upon the advice of the patriotic Madison, by "defending their constitutional rights with their lives." Blood would flow, and there would be a murdered Sheriff in every county where there was an effort to execute the provisions of such an iniquitous and unconstitutional law.

It is a perilous and awful crisis through which that curse of the State, W. W. Holden, with his unscrupulous allies, the carpet baggers, for selfish purposes, are now forcing a submissive and outraged people.

Besides the financial ruin and disgrace they have already brought upon the people and the State, they are now seeking a pretext, through this Holden-Shoffner bill, to seize upon any citizen who may be in their way, through such detectives as Booker, Huskey and others of that ilk, without affidavit or State's warrant, and transport him for trial from Cherokee to Currituck, or to any county the Solicitor may elect, where he can get a jury to suit him.

There are two motives at the bottom of this affair—one is based in personal nervousness, the other and main one is, to combine the colored element preparatory to the next summer's contest, in case the Supreme Court's decision or the pressure of public opinion should force the party to relinquish their present tenure upon the offices.

We call, then, upon the people of the State to lose no time in putting the stamp of public condemnation and abhorrence upon this infamous bill and those who are attempting to make it a law of the State.

The Legislature of North Carolina.

SENATE.

MONDAY, Dec. 20, 1869

The Senate was called to order at 5 o'clock.

The journal was read and approved.

The following bills were ratified, viz:

Bill to allow enterers of land further time to obtain grants from the State.

Bill making an appropriation for the support of the Insane Asylum.

Bill making an appropriation for the support of the Deaf, Dumb and Blind Asylum.

Resolution in relation to pensions to soldiers of the war of 1812.

Bill to extend the corporate limits of the town of Goldsboro'.

On motion of Mr. Stephens, the Senate adjourned until Monday the 10th of January, 1870.

HOUSE OF REPRESENTATIVES.

MONDAY, Dec. 20, 1869.

Pursuant to adjournment the House was called to order at 5 o'clock.

Mr. White, for Committee on Enrolment, reported upon various bills and resolutions, as being correctly enrolled, to which the Speaker affixed his signature and sent to the Senate for ratification.

The speaker announced that he would have the Calendar properly arranged and engrossed, as it contained many bills illegibly written, with reports of committees &c.

At the reassembling he should ask of the House such further appointment as may be necessary for the purpose of maintaining it, and the other affairs of the desk in the best condition for correct and thorough legislation.

A message was received from the Senate announcing that that body was ready to execute the joint resolution taking a recess until the 10th of Jan. 1870.

On motion the proposition was concurred in and the Speaker accordingly adjourned the House to the time specified.

CALIFORNIA IMMIGRATION.—Governor Haight, of California, in his recent message to the State Legislature, advocated immigration from the Eastern States and Europe, and recommended the appropriation of money to establish agencies in Baltimore, New York and Europe. He expressed himself in favor of immigration from kindred races—homogenious people, who would settle permanently upon the soil. One great need, he says, is a farming population from Germany and other European States. Of the Chinese he says:

"The people of the State have so often and so emphatically expressed their hostility to the importation of Chinese laborers that their representatives will doubtless leave no legitimate means untried to execute the popular will in this respect. It is of vital importance also that the infamous business of importing Chinese females by the hundred, for the vilest purposes, should be arrested at once by stringent measures."

In continuation of this subject the Governor calls Chinese immigration "a stream of filth and prostitution from Asia," but does not think Mongolian testimony should be excluded from the courts. He gives a number of good reasons why the Chinese should be allowed to testify, and urges the matter forcibly on the Legislature. That there is a large and valuable element, however, among the Chinese laborers there can be no doubt.

REPUDIATION.—While the Republicans are taking so much credit to themselves for being opposed to repudiation, it must not be forgotten that in several of the States Republican Legislatures insisted upon liquidating, in legal-tender depreciated notes, debts which were incurred in gold, notwithstanding the protests of the Democratic members. Horatio Seymour, when Governor of the State of New York, urged upon a Republican Legislature to maintain the faith of the State by paying the interest on the State debt in gold; but he was overruled. He then endeavored to raise the money to make good the difference in value from private sources; but was opposed and bitterly reviled by the entire Republican press for his praiseworthy efforts. Under such circumstances is it becoming in the majority in Congress to accuse the minority of being repudiators?—*Nat. Intelligencer.*

UNDER SENTENCE BY THE DOCTORS.—There is a concurrence of opinion among the leading physicians of Europe, who have examined the probable pathological condition of Napoleon III., that his days on earth are very short. The summing up is that possibly within a month, probably within three months, certainly within six months at least, the Imperial lamp will go out for want of oil, even if it be not sooner extinguished suddenly by one of those unexpected accidents which may at any time occur to interrupt the placid course of chronic malady.

A NEW COMET, It is announced, has been discovered at Marseilles, France, by the astronomer, Temple. It was first observed at 9 P. M., on November 27th, in the Constellation Pegasus, right ascension, 311 degrees, 18 minutes, and declination 14 degrees, 16 minutes. The comet has no nucleus, and appears like a nebula, measuring 15 minutes in diameter. It advances from west to east in Right Ascension, at the rate of one degree every twenty four hours, and in the same time changes its declination at the rate of fifty-five minutes.

The Republicans now propose to redeem greenbacks in their value in gold, or at a discount of about one-fifth. What is this but repudiation?

For the Sentinel.

MR. EDITOR:—A few days ago, on the cars, I was compelled, in spite of myself, to overhear a conversation carried on by a party of carpet bag gentry. As they spoke with the evident intent to be heard, the presumption is, that they will not object to seeing some of their remarks in print, and I care not if they do or to the comments either. In reply to the query of pea nut boy: "buy some ground peas?" the retort came from one of the number, "I would rather buy your peanuts (less your State bonds); they are worth more pound for pound," or words to that effect. Another added that, "a friend in Goldsborough had lately effected a $1,000 North Carolina bond for a worthless dog, and the offer was indignantly refused." Although the name of this friend was given, nevertheless a desire to refrain from personalities induces me to withhold it. Let it suffice that he was a staff General during the "late unpleasantness," and has, if rumor belies him not, lately gotten himself into some "little unpleasantness" with "the best government, &c.," by some paltry $30,000, transaction. In addition, it is believed that he, like the rest of the tribe of political carrion crows, has effectually feathered his own nest since his debut in our midst. Now, as Pat said: "faith Mike and if ye'll guess how many cheeses there are in my sack, I'll give you both of them." Now, Mr. Editor, although a man of some patience and considerable forbearance, it must be confessed that these Job like attributes came near imitating Bob Acres' courage, when such taunts from such a source were leveled at our State.

Doubting their ignorance of the stock market prior to their much deplored coming hither, (none of them *previous* thereto using any occasion for the quotations) forebade their knowing that our State 6's stood as high, nay, I believe higher than those of any other State, on the Paris Bourse and London and Frankfort exchange. Or if they knew it, would it not be supposed that sheer shame, superinduced by a full conviction of guilt, would preclude their deriding and making light of the miserable offspring of their own creation. They may and doubtless will, when called, as called they will be at no distant day, to the bar of popular indignation, imitate the effrontery of the royal Scotch assassin, and attempt to lay the ghost of former State credit, as did he that of the murdered Banquo, with the conscious lie; "Thou can't not say I did it. Never shake thy gory locks at me." As little though will the objurgation be heeded in the one case as in the other.

And now ye sons of Carolina, who helped to elevate these tax born curs of low degree, to place and position (begging pardon of the canine genus for the classification) does it not cause your cheeks to mantle with shame, that after heaping your taxes mountain high, they turn, in your extremity, and actually laugh at you? The appeal is made to the mass of honest of the rank and file, not to the native *leaders* who are lost to shame and are as far beneath even the foreign specimen as is he below the most degraded negro. The future historian will say that they are here classed according to merit.

And now, sir, whilst finance is the theme, permit a few remarks additional. Disclaiming all idea or intent of committing your paper or party to the endorsement of these views, I never believe, in behalf of themselves of as honest men as walk the face of God's green earth, demand that they shall be inserted. Enter a disclaimer if you like. Their advocacy will doubtless raise "a tempest in a tea pot," among certain individuals, who affect to esteem State and national credit more than (as the result has shown) they do their own. Their adoption would put an end to their "little game" of public plunder; and like the vampire of the pampas, they are not willing to stop as long as there is a drop left. Let them snarl. Who cares for the opinion of convicted and accused felons? I appeal to the reason and sense of justice of the great untainted mass, both white and black and defy a discussion upon the merits of the case. Who so bold, mendacious or besotted as to deny that our "post bellum" obligations were in the main incurred in the interest of the "Ring" and other *outside* swindlers, not with a view of benefiting the State, but for their own individual selfish ends? Incurred with a readiness, reckleness and prodigality unparalleled in State legislation. The result, as a blind man might have seen, has been ruinous depreciation to such an extent as to convert these bonds into a by-word and a jest even with the insensate and unprincipled wittings who brought it about. Does honor, does reason, does justice, equity or State policy demand that the people of North Carolina shall be required to liquidate this vile debt "cent per cent," when the bonds go begging at from 66 to 70 per cent discount? Put it to them, and it requires no prophet to foretell the verdict. For one, I say no, a thousand times no! and if that little negative constitutes a repudiationist, then I am one, and glory in it. If there is anything in the signs of the times, and "speech was not given to conceal one's ideas," there are at least 100,000 more between Cherokee and Currituck. Many there are whose nice sense of State honor would forbid their drawing a sponge over the State, but who maintains that if the holders are secured the equivalent of what the State received on them, justice will be satisfied and every body else ought to be. To this extent goes the writer.

There are few so young as not to remember that after our late disastrous struggle, a legislature, to say the very least, fully as honest, wise and patriotic, as the present, decreed that all private obligations incurred in depreciated Confederate currency, should be cancelled by paying their equivalent in gold at the time they were made.—If there is any moral responsibility requiring us to do more in this case, then there was an equally strong one in the other.—There is no reason why the "scaling rule" should not be applied in the one case as well as the other. Let it be done, and it will go far to restore the State's credit, besides saving it some ten or twelve millions and *perhaps* the bondholders as much more, *nolens volens*. Is it not obvious to all, that at the rate which they now sell at, we have to pay 20 per cent for the use of every dollar raised upon them, besides redeeming them at maturity with over three times the amount so received; *provided* we are fools enough to do it. Can individual, corporation or State flourish on money so raised? If not the first, surely not the last, when even these ruinous loans have to be effected annually through the agency of men, whose every act proclaims their credit "less so dishonor to swindle the State."

Again, if moral responsibility demands that we make good the face value of the amount already outstanding, why would it not equally the $60,000,000 or $100,000,000, which by the "rule of three" they may be expected to run up during the continuancy of their unconstitutional tenure of power. By the time however one fourth of that amount is issued or authorized, I apprehend it would puzzle the *financial abilities* of the great "Ring master," backed though they might be by Executive promise and Legislative pledge, aye, and judicial assurance into the bargain, "to bull" them up to the point which certain other bonds now *non est* had attained on the day preceding "Appomattox." Nevertheless, by the moral code of these "once quid" and moral men, though they should depreciate to three mills on the dollar, the responsibility is none the less imperative to pay their full value, principal and interest. A fig for the moral code which would plunder the mass to enrich the man, impoverish the State in order that a few sharpers and tricksters, knaves and swindlers may dress in fine linen and live on the fat of the land. To future dabblers in N. C. new 6's a word of advice; remember the rule of

CAVEAT EMPTAR.

RESOURCES AND "LOYAL" FINANCIERING.

The capacity of a country to carry an enormous load of taxation has nothing to do with the justice or injustice of a financial system which discriminates between classes. It may be true that the poor men and workingmen of the United States have better wages and obtain more of the comforts of life than the working classes in other countries, but this does not change the fact that our tariff and internal revenue laws are so framed as to bear unjustly on the poor, and discriminate unjustly in favor of the rich.

In a new country of great natural wealth, with a rapidly increasing population, and offering a thousand new fields for industry and enterprise, heavy taxation against the interests of those dependendent entirely upon their labor for subsistence will not excite the discontent that a like system would in less favored counties. The people have consented to the financial policies of the republican party, not because they approved them, but because the prosperity of the country and its growth in wealth have been such as to enable it to meet the taxation laid upon it without serious suffering. The resources of the country and the pluck and enterprise of the people have led to an increase in national wealth, in spite of a taxation which has exacted four and some times five hundred millions of dollars a year since the close of the war.

The revenue of the government now is considerably more than a million of dollars a day, and republican newspapers are boasting of the statesmanship which collects such an immense sum of money. They attribute to the legislation of a corrupt and imbecile congress, and to a revenue service filled with rogues and incompetents, results which are wholly due to a national prosperity that has been retarded instead of promoted by the financial measures of the ruling party.

All of those measures are corrupt, and the most important of them are so plainly dishonest and vicious that it is hard to understand how an intelligent and honest man can say a word in their behalf. If we admit the doctrine of "protection" to be true, it must be conceded that our tariff laws, in many instances, favor monopolies which are abundantly able to stand alone. Between affording legislative protection to a manufacturing interest, or an industry or business of any kind, in such a manner as to permit it to meet competition and make a fair profit, and throwing around it such guards as give it an absolute monopoly, and place the people at its command in the disposal of its products, there is a wide difference, and the latter policy is the prevailing one in our tariff laws.

The policy of the ruling party in relation to all questions affecting the currency and the redemption of five-twenty bonds is wicked, and is intended to meet the demands and forward the interests of money lenders, and of bondholders, at the expense of all other classes. Many of the most prominent and influential republican newspapers denounced our tariff laws as an iniquity, in as severe terms as can be employed, but those laws are not so plainly at war with justice and common sense as the policy which makes the government pay a premium on its bonds when it is under no moral or legal obligation to do so.

All of the projects brought forward by the ruling party for funding the public debt and establishing new national banks are nearly as bad as they can be. There is nothing which can be considered as an approach to honesty about one of them. The leading ideas of all are the same, and will receive the form of law this winter, and the people will submit, because they think the nation is strong enough to bear any burden which may be laid upon it.—*Chicago Times.*

INTERESTING TO THE SOUTH.—The New York *Bulletin* of a late date, says:

"The English Cotton Supply Association have sent an agent to inquire into and report full particulars regarding the production and manufacture of cotton in the Southern States. The gentleman filling this position has arrived here, has visited the South, and is probably, ere this, on his way back to report his experience, which, we are rather anxious to know, as pending this action of the association a number of English capitalists stand ready to pour their wealth into the South, which must largely contribute to its prosperity and advancement. That the benefits to accrue from such investments are immense, is beyond question, and we regret exceedingly that this should be made by foreigners, while large amounts of unemployed capital at the North should be allowed to remain idle."

THE SUEZ CANAL.—The English press are of the opinion that the traversing of the Suez canal by merchant ships has had the effect of lowering English freights to China and the East Indies by the way of the Cape of Good Hope. Outward bound sailing ships by the latter route find it difficult to obtain cargoes, while screw steamers via the Suez route can always find a landing. The first merchant vessel that went through the canal was wrecked in the Red Sea. This fact may turn freight again to the old route, until the Red Sea passage has been fully tested.

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

THE SENTINEL.

CITY AND STATE ITEMS.

TUESDAY, DECEMBER 21, 1869.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

ANY GENTLEMAN having a hat not his own, taken upon a recent festive occasion, will please let the fact be known at this office.

We call special attention to the advertisement of Mr. L. D. Womble, who enumerates for his customers a tempting array of desirable family Groceries. Give him a call on Fayetteville street, opposite the market.

LADIES' AUCTION, at Mrs. Thompson's to-day; don't forget—11 o'clock is the hour.

NEW ADVERTISEMENTS.—We call attention to the following new advertisements this morning.

Boarding—the well and favorably known Boarding house of Mrs. H. W. Miller.

Druggist's establishment for sale at Reidsville, on the Piedmont Railroad.

Don't forget the auction at Towles's on to morrow, Wednesday, and keep in mind that he has 300 bushels of seed oats for sale.

Christmas presents—prices to suit all, by Primrose, Petty and Newsom, new stock and great variety. Read the advertisement or go see the goods, or do both.

Betts, Vaughan and Allen, Contractors and Builders—Builders' materials, Sash, Door and Blind manufacturers. At their new steam mills near the R & G. R. R. North of Hillsboro' street. They are enterprising, skilful and punctual mechanics and will give satisfaction. They have facilities of obtaining lumber equal to the best in the State.

We failed yesterday to call attention to the new announcement of E. Vis, and do it now, because there is a perfect wilderness of new goods there and a great many more coming in.

We also omitted to say that J. W. Watson keeps pace with the times in all the improvements of his art at his photographic Gallery. Nothing more suitable for a Christmas present than a photograph, ivorytype or some other style of picture, and Watson cannot be excelled in his art.

There is to be a very large sale of mules and a number of other articles, as may be seen by reference to Mr. Bolo's advertisement, at Salem, N. C., on the 12th and 13th of January next.

Several other new advertisements which will be noticed more particularly to-morrow.

THE CONCERT LAST NIGHT.—There was a good house at Tucker Hall last night, and splendid entertainment. The Tremaine Brothers and Mr. Pierson are musicians of the highest talent, and their musical entertainments are of the first order. The lateness of the hour prevents an extended notice of the performances last night; we can only say that those present were fully satisfied that they got their money's worth.

They will appear again to-night.

As will be seen by the advertisement the price of admission is reduced. Let them have a rousing house to night.

AN ELEGANT ESTABLISHMENT.—Our worthy and enterprising townsman, H. T. Clawson, has "fitted up" and "filled up" his establishment on Fayetteville Street in the most tasteful and *recherche* style. It is really one of the most inviting places in our rapidly-improving city, and it presents very pleasing attractions for the holidays that are approaching.

We do not speak so much here of the beautiful varieties of paper-hangings, upholstery and furnishing decorations, though these are of the most stylish and handsome character. Everything that befits the ornament of the parlor, dining-room, bed-chamber or office, may be found at Clawson's, while his skill with the brush, and taste in upholstery are proverbial, and have elicited the highest commendation in Raleigh and elsewhere.

We refer more particularly in this notice to Mr. Clawson's superb assortment of paintings, prints, frames and mirrors.—Many of the former are gems of execution and art,—embracing magnificent French, German, English and American Chromes, fine Lithographs and line Engravings, &c., &c. There is nothing so gratifying to the senses as a handsome picture, speaking a pleasing or useful moral,—nothing so appropriate for a gift; and every taste can be accommodated in Clawson's selections.—Handsome frames,—square, oval and rustic,—adapted to the various kinds of paintings, or fitted to enclose the portraits of dear ones, may be found here in rich profusion.

Altogether, we repeat, Clawson has hit the mark at which he has aimed, of having one of the most *finished* establishments of its kind in the State. Call and visit him.

U. S. CIRCUIT COURT.—Court met at 10 o'clock, and commenced its transactions by taking up the case of U. S. vs. John S. Gordon, late Post Master at South Creek, Dis trict Attorney for the Plaintiff and Warren and Carter for Defendant. Verdict in favor of Plaintiff, penalty of the Bond declared on $3700 to be discharged on payment of $3700 and costs.

No. 4,11 was next taken up, *Doe* on demise of S. P. Arrington, vs. *Roe* and Nathan Milam, Ejectment. Plummer, Rogers and Batchelor for Plaintiff and Gov. Bragg for Defendant. Judgment against defendan', Milam for costs.

In the case of H. W. Belcher & Co. vs. E. Cooley and Wm. E. Smith, Assumpsit.—Blackmer and McCorkle for Plaintiff. There was a verdict in favor of the Plaintiff. The discussion of the above case consumed the whole morning until 2 P. M. when the Court took a recess.

AFTERNOON SESSION.

Court met pursuant to adjournment.—Nearly the whole evening was spent in discussing the case of E. K. Norton, assignee vs. the Bank of Charlotte. Vance, Dowd, Battle and Sons for Plaintiffs; Wilson for Defendants. Opinion reserved. The trial docket was then regularly called—a few judgments taken &c. Court adjourned until to morrow 10 o'clock.

ADJOURNED OVER.—Both Houses of the General Assembly adjourned, at six o'clock, yesterday, Monday, morning, to the 10th of January.

In the Senate, Mars Tod, Chicken Stevens and the Door keeper, wound up the business by ratifying a number of bills, "in open session," and then formally adjourned, whether on a motion made and put to the house, our reporter don't state.

In the House there were some twelve or fourteen members. Ratification of enrolled bills was all the business transacted.—The Speaker good-naturedly promised to devote the recess to putting the illegibly written bills, now pending, in proper shape to be acted on, by the time of the re-assembling.

We suppose that seventy-five to a hundred members of both Houses, who left during the three last days of last week, drew their *per diem* up to Monday morning, thus charging the State between one and two thousand dollars for services not rendered.

The "hands" were all paid up to date, but we understand the Treasurer had to borrow money from the Literary fund to enable him to do it.

Some forty Sheriffs have settled up their taxes in full, and the most of the others have settled in part—the larger part due by them, notwithstanding which the Treasury has run dry, even before Christmas. Where is the money to come from to run the "machine" through next year? We fear they will not have enough left to furnish ice for the Capitol next summer.

NEW ENTERPRIZE.—We learn from Col. W. F. Gray, General Emigration Agent, and Agent of the N. C. Land Company, who has just returned from a visit to Newbern, that Messrs. Murray, Ferriss & Co., of the old Murray Line, design starting, within a short time, two new passenger steamers, to ply between Newbern and New York. The Colonel also states that there was talk of a competing line, soon to be started.

Go it, Newbernians; we are glad to hear of these evidences of the prosperity and wide awakedness of our sister city. We would have some steam lines up here, too, were it not that we are so "plaguily inconvenient to water."

SOME VERY FINE FRUIT.—The "old man" has gone "to hum," and "see" with the assistance of the "sub" and the "devil" are running the "mashcen." Yesterday there came to the office, for the "old man," some beautiful apples—fine, large, luscious, sub acid specimens, that would make one's mouth water to look at. They were raised by Silas McDowell, Esq., of Macon county; and presented by J. L. Robinson, Esq., member of the House of Commons from that county.

The "old man" wasn't here and ——— those apples are lost to him and his heirs forever.

HOW THE HANDS MAKE MONEY.—The people are taxed to pay the hands twenty cents per mile for the distance traveled to and from home. Joel Ashworth (better known as the great unwashed,) had a free pass on the North Carolina Road to High Point, but drew his twenty cents per mile. He lives about twenty-eight miles from High Point. On Saturday last he gave a tobacco wagoner, two dollars to let him ride sixteen miles, and on Sunday morning he walked the other twelve miles to his home. He should now be called "walking Joel." It cost him *two dollars* to get home, the people paid him twenty five dollars to go. This will help some in pushing that mill to completion.

LOOKS WEDDINGISH.—We noticed in one of our city Churches, on Sunday, a little incident which we construed as pointing to a demand on the parson for his assistance at no distant day, outside the pulpit.

There had come into the Church a couple, male and female, youthful and blooming, who looked to our "unpracticed eye" as if they had about made up their minds to walk together through all the ups and downs of life, as well as to go together to Church. The minister read out his hymn, the concluding line of one of the stanzas being,

"Nothing I am, til thou art mine."

At the reading of this line, we saw a look of intelligence pass between the two devoted worshippers alluded to, which lead us to think they entered into that part of the service with a good deal of zest. Indeed, from the way they seemed continually to revert to it, we doubt whether they sang the rest of the hymn "with the spirit and the understanding, also," that they did that particular line. There are more things occurring in heaven and earth, and in Church too, than are dreamed of in Horatio's philosophy, or ours either, sometimes.

SUPREME COURT.—This tribunal will assemble, in this city, on Monday, the 3rd day of January next.

The causes from the several Judicial Districts will be called in the following order:

First week, 1st and 2nd District,
Second " 4th " 5th "
Third " 3d " 7th "
Fourth " 8th " 9th "
Fifth " 10th " 11th "
Sixth " 12th " 6th "

I. O. O. F.—The members of the "Scarlet Degree," of old Manteo Lodge, Independent Order of Odd Fellows, who desire to assist in the reorganization of the order in this city, are invited to attend a meeting to be held in Temperance Hall, on this (Tuesday) evening, at seven and half o'clock.

There will be a mass meeting of the Republicans of Rutherford, Polk and Cleveland Counties on the 25th inst. for the purpose of nominating a candidate to fill the vacancy now existing in that Senatorial District.

The Wadesboro *Argus* says: that a negro man living on the plantation of Mr Benj Harris, near Lilesville, by the name of Jack Hinson, was recently burned to death by accidently falling into the fire.

There has been another attempt to burn Wadesboro, so says the *Argus*.

THE STATE PRESS.—Capt. T. C. Evans, of the Hillsboro' *Recorder*, has made an arrangement whereby his father, Mr. C. N. B. Evans, of the Milton *Chronicle*, will assist in editing the former paper. The *Recorder* is also to be enlarged and improved. It is a spicy, entertaining sheet, and, we are pleased to see, is meeting with the success it merits.

Morning Edition.

TELEGRAPHIC.

Monday Evening Dispatches.

WASHINGTON.

WASHINGTON, Dec. 20.—The Tennessee constitutional Convention bill was carried by a large majority.

The senate is discussing Custom Houses.

HOUSE.—An attempt will be made to pass the Georgia bill without reference to the Committee on Reconstruction. The Committee heard Bullock and Tift on Georgia matters; the discussion was mostly personal and somewhat bitter. Nothing from the Committee on Elections.

PENNSYLVANIA.

PHILADELPHIA, Dec. 20.—The Ram "Triumph," formerly the "Atlanta," has gone to Georgia; it is rumored that she is in the Cuban interest and is after the Spanish gunboats which left New York Saturday.

CALIFORNIA.

SAN FRANCISCO, Dec. 20.—Three hundred Chinese, under contract for three years, will reach New Orleans about the 10th of January.

NEW YORK.

NEW YORK, Dec. 20.—Eighteen of the Spanish gunboats have departed.

Monday Midnight Dispatches.

WASHINGTON.

WASHINGTON, Dec. 20.—Revenue to-day $643,000.

The Tennessee delegation, with the exception of Senator Fowler and Representative Hawkins, are engaged in preparing a protest against the legality of the Tennessee election, and praying Congress to set it aside.

Private dispatches from Paris say the expatriation of the Jews from Russia has commenced.

The President has nominated Stanton in place of Grier; and Byrn as superintendent of Customs at Selma Ala.

The Supreme Court decides Chase, Field and Miller dissenting that where a State Legislature grants a franchise to a corporation, and in consideration of the corporation's establishing the enterprize contemplated, it exempts the corporation property from taxation; that a contract is created between the corporation and the State which no subsequent Legislature or change of State constitution can impair.

It is reported that Gen. Canby has written a letter adverse to the admission of Virginia without strong restrictions.

SENATE.—A bill was reported exempting exempted fish from duties.

Trumbull from the Judiciary Committee reported a joint resolution declaring Virginia entitled to representation in Congress.

A bill was introduced for the adjustment of French spoliation claims. The Senate went into executive session and Stanton was confirmed.

In the House, a bill distributing the number and rank of Government employees among the several States and Territories was passed.

The Speaker decides that the Georgia bill is open to amendment and that a motion to postpone will be entertained. Beck's amendment requires that the day for the re-assembling of the Legislature shall not be less than 30 nor more than 60 days after the Governor's proclamation ordering an election to fill vacancies, and inserting the word voluntary in lieu of, direct physical force, in the other declaring the person taking it (the oath) had not engaged in the rebellion.

Whittemore introduced a resolution casting the Virginia Legislature to impose a test oath and to seat those having the next highest vote, when those having majority are ineligible.

The Georgia bill was taken up; a vote will be had on to-morrow at 2 o'clock. Several amendments to the bill are proposed, all of which, Butler, who championed the bill, is opposed, on the ground that, while the bill is not in all respects satisfactory, amendments would cause delay. Bingham will oppose the bill. There is a night session for debate only. Butler stated that the Committee had postponed the Virginia bill because it had not sufficient evidence!!

Farnsworth moved to suspend the rules and pass the resolution declaring Virginia entitled to representation; the House refused by a vote of 63 to 106.

GEORGIA.

SAVANNAH, Dec. 20.—The flag ship, Severn, Rear-Admiral Poor, of the North Atlantic Squadron, arrived off Tybee bar, with the officers and crew of the Cuban Privateer, Lillian, who were captured by the Spanish authorities; with the steamer and afterwards released. They were brought from Nassau, N. P., by the U. S. Steamer, Powhatan, to Key West, and transferred to the Severn, by which steamer they were brought to this point. The steam tug Christina brought them to the city yesterday afternoon. This morning the city Council held a meeting and appropriated a sum of money to send the released Cubans to their homes. Most of them are from Northern States.

A MAGNIFICENT

NORTH CAROLINA

PLANTATION FOR SALE.

THE PLANTATION KNOWN AS "OAKLAND," (formerly the property of Dr. Samuel Kerr) situated in Rowan County, N. C., on the Lincolnton Road, 11 miles from Salisbury, and about 6 miles from China Grove station on the North Carolina Railroad.

This Plantation is one of the most desirable in the State, and in its improvements unsurpassed. It contains 1800 Acres, one-half cleared; a large quantity of Meadow and Bottom Land, over 200 Acres under cover of a Mill Pond for fifty years. The residue is heavily timbered with splendid Oak and Hickory.

The Family Mansion contains Eleven Rooms; the Out-Buildings consists of Kitchen, Dairy, Ice-House, Smoke-House, Laborers' Houses, Barns, Stables and a Granary capable of accommodating from 15,000 to 20,000 bushels of Grain. In addition, about 180 yards from the house, is the Mill—Grist and Four—with three runs of Stone; and in its near vicinity, Miller's house, Gin house, Blacksmith shop, and Cotton screw.

It is believed a Canal might be dug from the Creek, supplying the pond, to run the Mill, and the Land beneath, of extraordinary fertility, given to the cultivation of large quantities of Grain or even Rice. The Mill Building, resting on a story of rock foundation, has two stories and a half of brick above, with a wall on the first story two feet thick, and could be converted into a factory. The Residence is well situated, and commands a fine water view.

Fully two-thirds, if not more, of the population of Rowan county is White.

Parties desiring to see the property can apply at Raleigh, N. C., to Mr. J. H. Ennis, at the North Carolina Bookstore; at Salisbury to Brown Mock & Co., H. H. Helper, Esq., or Col. M. J. Long, Express Office; at Charlotte, to Wm Heilig, Esq., Dr. E. Nye Hutchinson.

For Terms of Sale, etc., apply to Hon. J. H. Wilson, Charlotte, N. C.

DR. LAWRENCE'S

Highly Concentrated Compound

FLUID EXTRACT OF

Koskoo!

THE GREAT HEALTH RESTORER!

NOT A SECRET QUACK MEDICINE—FORMULA AROUND THE BOTTLE.

Prepared Solely by

J. J. LAWRENCE, M. D.

ORGANIC CHEMIST,

NORFOLK, VIRGINIA.

☞ Beware of Counterfeits. See that Dr. J. J. Lawrence, Chemist, Norfolk, Va., and the word KOSKOO, is BLOWN ON THE GLASS of each bottle. ☜

Koskoo is endorsed by the best physicians everywhere. Read the following from Dr. Tillery, a successful practitioner of many years standing in the Old North State:

Rocky Mount, Edgecombe Co., Sept. 16, 1869.

DR. J. J. LAWRENCE—Dear Sir: I have used your Concentrated Fluid Extract of Koskoo in my practice with the *happiest results*. I find it to be a *powerful Liver Invigorator Blood Purifier* and *Nervous Tonic*. In all diseases of the Liver, Scrofulous Syphilitic, Nervous Affections, *it is a remedy of immense value*; in fact, in almost every variety of Chronic Disease its use is indicated. Hoping you may meet with the success which you deserve as a manufacturer of *reliable* medicines, I am sir, with much respect your obedient servant, R. C. TILLERY, M. D.

From Dr. Fentress, an accomplished and experienced physician.

Princess Anne Court House, Va. Sept. 13, 1869.

J. J. LAWRENCE, M. D.—Dear Sir: I have carefully examined the formula, as well as the Therapeutic properties of your KOSKOO compound, *and have prescribed it* in some *stubborn* cases of *Chronic Liver Affections Dyspepsia, General Debility, &c., and always with the most gratifying results*. I find it to be a splendid *Tonic Alterative, and Hepatic* combination, accomplishing its constitutional effects *without the slightest debility*; in fact *it gives fine support to the General system* while its alternative effects are being produced. *I cheerfully recommend its use to the public.* Yours, truly, T. F. FENTRESS, M. D.

KOSKOO cures SCROFULA IN ITS WORST FORMS. From Mr. A. W. Mills, a prominent and well-known merchant of Norfolk, Va.:

No. 11, Main St., Norfolk, Va., Sept. 15, 1869.

DR. LAWRENCE—Dear Sir: Your Koskoo has worked wonders in my family. My daughter has been a sufferer from Scrofula since childhood. She lost thirty-one pieces of bone from her ankle, several from her arm, besides having ulcers in several parts of the body. Whilst in this condition she commenced taking your Koskoo—IT ACTED LIKE A CHARM ON HER—UNDER ITS USE THE ULCERS GRADUALLY HEALED, AND HER GENERAL HEALTH GREATLY IMPROVED. It certainly saved her much suffering, and perhaps her life. I regard Koskoo a SPECIFIC for all scrofulous affections. Your Koskoo also cured my wife of dyspepsia, from which she suffered greatly. SHE IS NOW IN BETTER HEALTH THAN SHE HAS BEEN IN FIVE YEARS.

With the highest regards, I am gratefully yours, &c., A. W. MILLS.

KOSKOO, THE GREAT INVIGORATOR.—Read the following from the Rev. Joseph E. Martin, pastor of Wesley Chapel, Portsmouth, Va.:

"This is to certify that myself and wife have used Dr. Lawrence's Koskoo, and can testify to its beneficial effects. Previous to taking it we were in a condition of debility—had no appetite, and suffered from sudden and often violent attacks of headache and nervousness. Two bottles of Koskoo has improved our general health, and we regard it as invaluable, and most cheerfully recommend it to all who have need of an invigorator. Yours, &c., JOSEPH E. MARTIN.

KOSKOO!

CURES CHRONIC RHEUMATISM.

Norfolk, Virginia, September 7, 1869.

DR. J. J. LAWRENCE—Dear Sir: My son has received so much benefit from your wonderful Koskoo that I cannot refrain from expressing my gratitude. I had tried almost everything without benefit. I believe, in all sincerity, that your Koskoo is AN INFALLIBLE REMEDY for the disease from which he has suffered, and, so far as I can learn, has never failed. If you only knew the immense amount of suffering that he has undergone, then you could conceive the value of such a remedy as Koskoo—THAT SURELY CURES. The great amount of good it is now doing among us is inestimable.

With much gratitude, I am respectfully yours, &c., MRS. M. E. A. NELSON.

Dr. Lawrence—Dear Sir Having been treated by several skilful physicians for Dyspepsia, Gennain Disease of Kidneys, General Debility, &c., without benefit, as a last resort I commenced the use of your Koskoo, and am pleased to say that under its use my health has been entirely restored.

I am, sir, with much respect your obedient servant, O. B. MEARS.

No. 3 Market St., Norfolk, Va., July 6, 1869.

Pacific, Franklin Co., N. C., Sept. 11, 1869.

This is to certify that for a long time I suffered very much from inaction of the liver and constipation of the bowels and tried several remedies, but received no benefit until I commenced taking Koskoo. I took the medicine about one month, and I was completely *cured* and have remained well. I know of several *cures* made by Koskoo, and can cordially recommend it as a good medicine. JOHN H. BAKER.

From Mr. Womble, a prominent hardware merchant of Norfolk:

No. 13 MARKET SQUARE, Norfolk, Va., Oct. 23, 1869.

DR. LAWRENCE—Dear Sir: To the large number of testimonials which you offer of the great efficacy of your Koskoo, I take pleasure in adding my own. I suffered greatly with Nervous Debility, Headache, Loss of Appetite, &c. Two bottles of KOSKOO RESTORED ME TO HEALTH. Yours, truly, J. G. WOMBLE.

From Rev. W. H. Christian, Pastor Dinwiddie Street Methodist Church:

PORTSMOUTH, Va., October 25, 1869.

This is to certify that I know Dr. Lawrence well. He is a gentleman of cultivation, and worthy the fullest confidence. I have used his Koskoo" with advantage to myself, and have adopted its use in my family in cases of nervous debility and depression. W. H. CHRISTIAN.

From Rev. C. H. WILEY formerly State Sup't. of Education.

BRISTOL, TENN., Oct. 14, 1869.

I had seen by the papers what had been done by the Board of Education in North Carolina and was glad. I had ample reasons for my former recommendations in the use of the books in our schools.

These Books are Used by the Best Schools in the State.

Late Testimonials in Brief.

It affords me great pleasure to bestow on them my heartiest commendation. They are vastly superior to any other books of the kind I have yet seen.—W. H. WEATHERLY, Prin. Clas. and Math. School, Elizabeth City, Oct. 25, 1869.

Send me ten Davies' Intellectual Arithmetics for introduction. They are superior to any I have seen.—W. F. E. OLIVER, Mount Olive, Oct. 20, 1869.

I intend using the same books in my school as those used in the Common Schools. * * I am already using Monteith's Geographies.—JOHN D. JOHNSON, Yadkinville, Sept. 28, 1869.

I am and have ever been an earnest advocate of uniformity in school books. The Board recommendations—Arithmetics and Geographies—are the best that could have been made.—H. H. SMITH Lincolnton, Sept. 28th, 1869.

Because these books are adopted by the State Board, as well as for the merits of the books themselves, we wish to introduce them, and use them exclusively in our school.—Rev. S. C. ALSTON, Charlotte, Oct. 11, 1869.

Steele's "Natural Philosophy" received. Am struck with its superiority to the other in many respects. As a class is waiting, substitute in my order Steele's Philosophy for first introduction.—O. W. JEWETT, Wilmington, Oct. 14, 1869.

Davies' Mathematics was adopted by me in 1866, and up to this time I have examined no work superior to them. I have examined McNally's Geography and Peck's Ganot's Natural Philosophy. I consider them most excellent works and shall put them into my boys' hands at the earliest period.—J. E. DUNCAN, Prin. Male Academy, Warrenton.

It is my purpose to introduce Monteith's (No. 4) into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works (Monteith and McNally) seem to me to be admirable.—Rev. ALBERT SIMMONS, D.D., Rector of St. Mary's, Raleigh.

The system of Geography—Monteith and McNally—I am well pleased with.—Rev. Wm. S. LACY, Raleigh.

DAVIES' Arithmetics, Monteith's Geographies and the National Readers are too well known to require a word from me. Monteith and Davies are the best that I am acquainted with.—Prof. FRANK VACONAIR, Elizabeth City, Oct. 11, 1869.

I have waited patiently for the adoption by the Board of Education of this State of the books to be used in the public schools, and am much pleased to find that so many have been selected from the National Series.—Rev. W. L. MILLER, Charlotte, Oct. 1, 1869.

Am much pleased with both the Spellers and all the readers; and as to the Series of Geographies, I have long need no others when these could be obtained.—Dr. WM. B. HARREL, Prin. High School, Snow Hill.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible makes it, Monteith's Intermediate Geography in my judgment, a charming school book.—Col. WM BINGHAM, Prin. Bingham School.

I design introducing McNally's Geography and Davies' University Arithmetic.—Dr. CLOSS, Prin. Durham Academy.

Will introduce the University Arithmetic next term. An admirable work.—M. L. LITTLE, Prin. Pleasant Hill Seminary, Newton.

Monteith's Geographies are excellent works, and I shall introduce them into my school.—STRONGON IVEY, Prin. Auburn Academy.

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.—Prof. WM. A. GRESCHAM, late Hillsboro' Military Academy.

I have introduced your National Series of Readers. We find them to be excellent, just suited to our purpose. With Davies' Mathematical series we have been long familiar, and can find no good reason for changing them. In the Primary Department we have Monteith's Geographies.—Rev. G. D. BERNHEIM, Prin. Female Seminary, Mount Pleasant.

The National Series of Readers and Spellers are the best with which I am acquainted. I shall henceforth use no others in my school. I use Davies. I consider his works incomparably superior in many respects. Monteith's Series afford a gradual but thorough and systematic progression.—Prof. Jos. R. FOY, President Stantonsburg Scientific High School.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography.—Prof. W. C. KERR, State Geologist of North Carolina.

Mr. Taylor Johnson, Olive's Chapel, has introduced the National Readers, Monteith's Geographies, Davies Arithmetics, Clark's Grammars, etc.; Mr. John Franks, Grove P. O., has introduced the National Series throughout; Mr. W. A. Branch, New Hill P. O., uses the National Series throughout; Mr. Adolphus Rogers, Green Level P. O., uses the National Reader, Copy-Books, Monteith's Geographies, and York's Grammar; Mrs. Emmey Bingham, Cary P. O., uses the National Series; Mr. H. C. Olive, New Hill P. O., introduced Monteith's Geographies. There are now at least 250 pupils in Wake and Chatham counties who are daily using the National Series of books, within my knowledge.—Prof. W. H MERRITT, Chatham county, Sept. 14, 1869.

I am glad to learn that some of your books are to be introduced into our State Schools.—Prof. J. M. M. CALDWELL, Greensboro' High school, Oct. 25, 1869.

Distinguished Editors and Critics Praise Them.

The Series must prove acceptable. The structur of language is beautifully exhibited.—*Fayetteville Presbyterian.*

This firm will allow no competition in the price of books published by them which are among the best in the State.—*Statesville Americus*, 1869.

Have a reputation for merit unsurpassed.—*Statesville Americus*, 1869.

Peculiarly adapted to supply the wants we have long felt.—*Greensboro' Patriot.*

Have acknowledged superiority by the most competent judges.—*Western Sentinel.*

Davies is excellent in the first degree.—*Wadesboro Argus.*

Are excelled by none of the many used, and they are superior to most of them.—*Newbern Journal of Commerce.*

When we examine the bright pages of the National series, and think how we groped along the dry and uninteresting "task" of our boyhood, we are constrained to be envious of the happy pupils of the present.—*Wilmington Post.*

The National Series has obtained probably a higher reputation than any other complete series of school Books now in existence.—*Wilmington Herald.*
